## **Annual Report**

### **Session: 2013-14**

It is our customary duty to present before you a brief roundup of the current academic session.

The school feels pride in announcing that this school has been granted up gradation up to senior secondary level in Science and Commerce streams w.e.f. 01.04.2014 from C.B.S.E., New Delhi.

We believe that the purpose of education is to replace an empty mind with an open mind .The direction in which education starts a child will determine his future life. The whole object of education should be to develop the mind that works and, to free a child's potential by instilling in him a curiosity to learn, so that he will continue to learn as long as he lives.

Being the fast developing school in the area, our school has always remained a center for a great number of activities at different levels providing opportunities and exposure for children to a wide variety of invaluable learning experiences.

#### **Academics**

The school is pace setting institute and believes in the implementation of new programmes in teaching ,testing and evaluation .CCE – A Continuous and Comprehensive Evaluation, is implemented in our school from class VI to X. CCE removes stress in learning and provides opportunities to the children to participate in various activities and helps them to earn better credits

There is no detention in Primary and Secondary classes. In class X Board exams result was 100% . A total of 39 students appeared for class X exams, 05 of these children secured the highest CGPA of 10.

Mr. Chandan Kumar s/o Late Shivji Prasad and Mr. Chandan Kumar s/o Shri Shambhu Singh were selected in N.T.S.E. in the last session. These were only two students selected from district of Sitamarhi.

About 83 nos. of students qualified for 2<sup>nd</sup> level in the National and International level in Science and Maths Olympiads from our school. More than 50% students have secured international rank as high as 57, 71, 72, 88 in National Science Olympiad. Whereas, international rank as high as 4, 18 were achieved by our students in International Maths Olympiad. Many students in all the classes have secured mostly 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup> position in the state.

Only two and that too students from our school in the district have been selected in B.H.U.(C.H.S.)

#### **Sports and Games Events**

Sports and Games both indoor and outdoor have been given utmost priority in the school. Opportunities were provided to our children to play and prove their mettle in various sports and games at school competitions.

#### **CCA**

Co-curricular activities provide children opportunities to showcase their talents. House wise and open House competitions were conducted throughout the year in solo song, Sanskrit recitation, English and Hindi Debate, English spelling and word power competition, English extempore, English recitation, Group song, Group dance etc.

A number of competitions were conducted in September in connection with Teacher's Day Celebration and both students and teachers took part in the competitions and won prizes. All the teachers were honoured with gifts at that occasion. Days of National and International importance like ,World Population Day, Children's Day, Republic Day, Independence Day, Vigilance Awareness Week, National Science Day were celebrated on these occasions to promote secularism ,unity ,harmony and to spread the message of peace and universal brotherhood .

Though ASL (Assessment of Speaking and Listening) mandatory for IX and X, it has been started from Class V and above classes under camera and video recording.

### **Art competitions**

Our children participated in a number of drawing and painting competitions conducted in the school at regular intervals during the course curriculum.

### **ICT**

This year we have made huge improvements in the ICT infrastructure of the school. Our website [www.brilliantpublicschool.com](http://www.brilliantpublicschool.com) is providing all necessary and important information related to our school. Worksheets are provided class wise subject wise chapter wise for practice. The classes are enabled with internet and projector for educational aids.

### **Library**

Our Library has been enriched with subscriptions for more number of Journals, periodicals and magazines apart from increasing reference books.

### **Faculty**

The school has appointed four M.Tech. and B.Tech. engineers to teach Physics, Maths in our school for teaching secondary and senior secondary classes. Outstanding faculties(even Toppers in the University at Post Graduate Level and highly experienced teachers are already teaching in the school. The strength of teachers in the session was more than 40.

### **Physical Infrastructure**

The newly constructed stage for morning assembly all set for various activities has come up into full use and it is the venue for a number of school programmes. More e-learning classes have been started apart from already functioning Computer Lab, Science Labs.

### **Constraints**

Frequent change of teachers due to large number of teachers getting employment in state government school.

New trend of shifting of students in Kota, Delhi, Hyderabad right from class VI and above has caused poor enrolment in these classes in spite of selection of our students in Vanasthali Vidyapeeth, Aligarh Muslim University, B.H.U.(C.H.S.) and other prestigious institutions like Simultala, Gurukul etc.

Indiscipline has crept in private schools also like government schools due to overpowering of the students at their parents.

Thank You.
